

Why Are They So Expensive?

Our artists work incredibly hard. If something takes them 6 weeks, we'll try and get them 6 weeks wages for it. (Thank God they weren't painted by plumbers or electricians we say).

They're still a rip off.

Don't look at the price tag then. You can still enjoy the beautiful picture just above it, and it won't cost you penny.

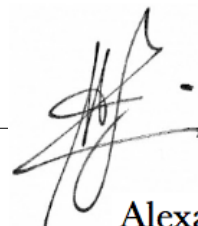

But I could paint that!

We said something similar the last time we saw Wayne Rooney kick a football. Turns out it isn't that easy. (We still have the bruises to prove it).

Who buys these?

People like you. You work hard for your money and we think you deserve to treat yourself.

It's your first kiss. It's your favourite record. It's those long summer days and waking up on a Sunday morning. Life isn't defined by fridges or televisions or a new mobile telephone. It's moments of great beauty that stay with you forever, and we think they're worth every penny.
